BUYERS - After the completion of the **1st QUARTER of 2009** the Greek dominance that has been the custom of the past 10 years, has been put to question by the Chinese Buyers. Greeks might seem to lead the charts with **48 units** bought, however if we add China (**42**) and Taiwan (**6**) and some Far East undisclosed deals (**8**) that mainly are Chinese buyers, China may well exceed **50 units** in total. In 3rd place follow German buyers having acquired, **11 units**.
